THANKS.

To the Citizens of Washington County:
I hereby tender my grateful thanks to the people of Washington County for their kind manifestation of confidence in me as their public servant. I hope I shall never betray the trust reposed in me. My whole aim has been to serve the whole people of my county faithfully and without regard to party considerations, and I shall endeavor to discharge my duty in the future, as I have endeavored to do in the past.

I am, very respectfully, your obedient servant,
J. F. GRISHAM.

Mr. Samuel Micra.

This gentleman has shown the true spirit of the philanthropist since he came to Jonesboro, and many are the warm hearts that return him grateful thanks for his liberal contributions and noble deeds of charity. His heart and his purse have never been closed against the needy and afflicted. Would that we had more such men among us.

Thanks to Members of Congress.
Hon. Wm. B. Stokes, Hon. W. G. Brownlow, Hon. R. B. Butler, Hon. Horace Maynard, Hon. Thos. Bales, Hon. Geo. E. Spencer, and Hon. Congessmen, have our thanks for valuable public documents, speeches, &c., &c.

Troops for Middle Tennessee.

Two car loads of Federal troops passed through Jonesboro, on Wednesday morning last, destined for Middle Tennessee to regulate a certain organization called Ku Klux. Grand Cyclops, you had as well disband!

"Cassini" Mad!

Since the election, the rebels have received more "hard cassini" than from the Conservatives than ever prior to the war! But we would simply ask—who made the rebels slaves and Conservatives their masters? Echo answers, who?

Death of Miss Matilda Ryland.

The remains of Miss Matilda Ryland arrived in Jonesboro on Thursday, the 25th ult., and were interred in our town cemetery. She died at Rhetown, in Greene county. Her obituary will be published soon.

The Weather.

For the past few days, we have enjoyed the lowering and gloomy quality—just the kind to torture poor unfortunate "rheumatics," without mercy or relief. Spring is looked for between this and the Fourth of July.

Death of Mrs. Galloway.

Mrs. J. Galloway, of this county, died on Saturday morning last, after a long and severe illness. She was much esteemed by all who knew her. Her obituary will be published in a future number of the Flag.

The Reason Why They Were Defeated.

The reason the defeated candidates were not elected was the simple fact that they did not announce themselves as candidates in the Flag. Of course it was! How could it have been otherwise?

A Beautiful Business Card.

We have received from Mr. John W. Wainwright, of Glasgow, Mo., 818 and 820 Chestnut Street, Philadelphia, one of the most beautiful Business Cards we have ever seen. It is a magnificent specimen of the "Art of Persuasion."

A Good Joke on Sunday.

Henry Curtis, Radical, best Snider, Conservator, 38 votes in the Boone's Creek district, while Jno. E. Grisham's majority over Mathews was 100 votes! This is the strongest Democratic precinct in the county. What will happen next? We tell you boys, the Rebels and Radicals make a strong team, when hitched together! Conservatives stand no chance!

"The Life of the flesh is in the blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows its influence in roughness of the skin, then in scurvy and ulcerative diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood.
